

INTERNATIONAL
SUMMER SCHOOL
ON REMOTE SENSING

J.A.S.
Junior Academy
of Sciences of Ukraine

Cyprus
University of
Technology

Dear friends,

We invite you to participate in the **International Summer School on Remote Sensing** organised by the “GIS and Remote Sensing Laboratory” of the National center “Junior Academy of Sciences of Ukraine”.

The school will be held from the 2nd to the 9th of June 2025 via the **Zoom** platform.

If you have always dreamed of looking at our planet from space 🌍, exploring all corners of the world without leaving your home, you are the one we are looking for!

What will you learn:

- 💻 How to work on public-free platforms Copernicus Browser, Google Earth Pro, Google My Maps, NASA Giovanni and more.
- 🔥 How to detect wildfires, their development over time, and spot the burnt areas after fires
- 🌊 How to monitor the disappearance of water bodies
- ☁️ How to discover atmospheric changes in air quality
- 🚒 How to use Remote Sensing data for emergency monitoring... and many more!

Organizational details:

- Participation is free of charge
- Age of participants: 14-18 y.o.
- The classes begin at 2 PM (CEST) and end at 4 PM (CEST)
- The presentation, materials, and communication will be in English. An intermediate level (B1) of English is required
- After successful completion of the school, you will get a named certificate

If you want to participate in the school, please complete the [registration form](#). The deadline is the 31st of May.

If you have any questions, do not hesitate to ask gis_rs@man.gov.ua

See you at our online school! 🙌
